FROM WASHINGTON.

## The Cuban Insurrection.

HAVANA, Feb. 25.

Yesterday a strong force went to Carrién. General Paelo, formerly of the Spanish army in Dominica has gone to Cienfuegos in command of a thousand Chasseurs.

The British Consul will assume the same rank here as the American Consul General.

The tide of Cuban emigration is flowing towards Mexico, as that country is cheaper to live in than the United States and more congenial to their tastes;

The Prentiss says the eight million dollars from the Banco will prove of little practical benefit to the Treasury. The expenditures are enormous and retrenchment is needed.

Encounters took place at Santa Cruz on Sunday. The rebels are fleeing to the mountains; Carrién and Remedios are quiet.

## The Paraguay War

NEW YORK, Feb. 25.

The Times' special Washington dispatch says—

Masterman and Bliss of the Paraguayan Legation arrived here from New York today. Masterman reported at the State Department and was informed by Mr. Seward that there was no cause for action against him; Mr Bliss has not yet reported. Admiral Davis appears to have made a mistake in treating these men as criminals, and Washburne and the gentlemen themselves are disposed to institute inquiry into the matter. Mr. Washburne has received a letter from a German gentleman who was in Asuncion on its evacuation by Lopez, and who says that saw Lopez's brother-in-law and sister and a large number of other Paraguayans executed by his order.

## More Indian Troubles

ST. LOUIS, Feb. 26.

A letter from Gen. Sheridan's headquarters to-day, dated in the field Jan. 31st states that the Cheyennes and Arapahoes report another engagement between the forces under command of Col. Hayes of the 3d regular cavalry and the Indians, took place between the 15th and 20th of January, at a point 10 days travel west of the Watchita mountains, in which the troops were successful totally destroying an Indian village and killing eight of the savages.

General Custer in a communication to General Sheridan from his camp in South Fork of Red river, corroborates the report as having come through Indian carriers.—It was Col. Evans' command which gave the Indians such a drubbing on Christmas day. The news of the fight comes through the Indians, but Gen. Sheridan entertains no doubt that such an engagement took place. There are straggling bands of savages made up of several fighting tribes and it is probable that it was with them that Evans had the fight referred to.
