CINCINNATI, Oct. 28.—The following is an extract from a private letter from a well-informed gentleman living in Salt Lake City to one of the editors of the Chicago Tribune:

"The schism, of which you may have heard while here, is working. Stebbins and all the editors and proprietors of the Utah Magazine, have been suspended, and if they stand firm, and they will, they will be cut off. It is very valuable as showing what may be expected when the overpowering will and intellect of Brigham Young shall have been removed, a revolution proceeding from the heart of the Church itself, overthrowing the majority of the people instead of God, and of course of letting drop the absurd idea of daily revelations, with which, as it is based upon it, would go polygamy and the preposterous scheme of empire, to which they are now so fanatically devoted."

Mr. Stebbins, named in the above extract, is editor of the Salt Lake Telegraph, and has been for years one of Brigham Young's most trusted friends and most ardent admirers. His daughter is one of the wives of Joseph Young, Brigham's oldest son, and the editors of the magazine are rich and influential.

Yalentine, tobacco manufacturers, were arrested last night, charged with concealing to defraud the revenue by means of counterfeit tobacco stamps. All were held for trial. The detectives last night captured \$6000 worth of counterfeit tobacco stamps. In the case heretofore telegraphed, of persons charged with the sale of bogus tobacco stamps, all have been sent on for trial, except Stone, who is to be examined on November 8. Charles J. Jackson, of Petersburg, was examined by the United States Commissioner, there being nothing to connect him with the utterance or use of counterfeit stamps.

Negotiations are in progress in the consolidation of the Nashville and Northern railroad with the Iron Mountain road, in this State. The connection could be easily made by extending the Nashville and Northwestern railway by the river to a point opposite Belmont, the present terminus of the Iron Mountain road, where it could be transferred across the river, thus allowing passengers and freight to go through from St. Louis to Nashville without change.

CINCINNATI, Oct. 28.—George H. Featherston has been appointed president of the Kentucky Central Railroad.

Yesterday morning a meteor passed over Dayton, going northeast. It was large and brilliant, with a large train, and during its passage emitted a rumbling sound and sulphurous smell.

At the same hour an enormous meteor passed east over Forest station. It resembled a locomotive head-light, with a long train. A booming roar was smelted, and there were three heavy explosions, which broke windows and swayed the people in the neighborhood.
