The President's Message Approved—A Suggestion to Congress—The Upton Expedition—Another Surprise of Insurgents.

HAVANA, June 17.—The *Diario* and *Voz de Cuba* comment favorably on President GRANT'S message to Congress on Cuban affairs. Everybody talks of it, and the Spaniards praise GRANT'S conduct. Prominent persons express the hope that Congress will send a special Commission to the island to see matters for themselves, and to disprove the erroneous statements published in the United States concerning the situation here. Captain-General DE RODAS telegraphs that all the important part of the steamer *George B. Upton's* cargo has been captured. Some insurgents, while carrying boxes of arms and ammunition into the jurisdiction of Mantabon were surprised; four were killed and their train was captured. Six more were killed, and one taken prisoner in the Gibara jurisdiction. Fourteen of the party only remain, who, under the command of Col. LONO, have fled to the Chapara Mountains, closely pursued by the troops. The dispatches do not state whether Col. LONO landed with the first party at Punta Brava, or was at the head of a second expedition just arrived. Steam-ship *Guadaloupe*, from Vera Cruz, arrived yesterday and sailed today for St. Nazaire.
