

THE CUBAN LEAGUE.

The Cuban League of the United States held another meeting last evening, at eight o'clock, at Delmonico's, which was largely attended by distinguished gentlemen from all parts of the Union. In the absence of General McMahon, the President of the League, who left yesterday for Florida for the purpose of stirring up the people in that section to come forward and help the Cuban cause, General Graham occupied the chair. A delegation from the Patriot League of Cuba was present and, through its chairman, thanked the gentlemen of the Cuban League for the noble stand they have taken in behalf of the struggling patriots of the Ever Faithful Isle. The secretary of the Junta was also present and addressed the League in a few brief, but eloquent remarks.

General Haines, chairman of the Finance Committee, reported the finances of the League to be in a very flourishing condition. He also stated that each member of the committee had contributed twenty-five dollars to the League. On behalf of the Committee on Public Meetings Mr. Douglas Taylor reported progress. He said that the committee had labored hard and earnestly to make the proposed meeting a grand success, and from the great interest very many of the best men of the country had taken in it he was confident that it would be all that could be desired.

The Chair appointed, upon motion of Mr. Taylor, a committee of six to visit the Cuban Junta and the Patriot League of Cuba. He also appointed a committee of five to prepare and have printed certificates of membership, which are to be voluntarily taken by the members at five dollars each, after which the league adjourned, to meet again next Thursday evening.
