### **Surrender and Capture of Insurgents— Havana Volunteers Declined by Val- maseda.**

HAVANA, May 29.—Sixteen armed men belonging to LIEN'S band recently surrendered in the Moron district. Subsequently the troops, with their aid, brought within the Spanish lines ninety more persons. VALMASEDA has declined, for the present, the offer of 2,000 Havana volunteers, to take the field near Moron, considering his present force of troops sufficient for the work. The arrest of suspected parties at Villa del Cobre and Santiago de Cuba is continued.
