CUBAN REVOLUTION.

An Expedition to Be Organized at New York—Movement for a Republic.

New York, April 18.—In New York is brewing to-day what may develop into a revolution in Cuba within the next few months. The project is one of long standing. The possibility of its climax within a short time is the result of the recent elections in Cuba, which are expected to give a large majority to the Cuban patriots in America. Instead of starting an expedition from Key West or Tampa, Fla., it is probable that if one is undertaken it will be organized here, if not actually started from this city. In Hardman hall, Fifth avenue and Nineteenth street, was organized last evening the New York Cuban revolutionary party, its avowed purpose being to uphold the movement for independence and a lasting republican government in Cuba. The party was formed by Cuban patriots and members of the council of direction, president, and Gonzalez De Quesada, acting as secretary. Quesada is secretary of the council of direction. By a vote the election of the party's delegate in Cuba was approved, after which the situation in the island was discussed at great length. It was decided to send a party to Cuba, and it was resolved that the money in plenty had been collected to send men, arms, and ammunition to the island. The only weapon the Cubans have in their possession are the old rifles left by the Spanish army. In any case, the council of direction alone shall govern the government and an immediate insurrection. When they are convinced that the island is ready, they will give the word of command. The recent events in Cuba, said Secretary Quesada after last night's meeting, indicate that a revolution is unavoidable. The elections in Cuba indicate that the revolution is on the way. The party is large, and there will be no lack of money to carry on the revolution. The war may start at any time. It may not come in the next few months, but it will be a question of time. The reports of expeditions from Key West are malicious falsehoods. Our party has not beenfitting out an expedition to start from Key West. We are not preparing for war. We are not preparing for a revolution. We are not preparing for anything. We are just organizing a party to carry on the revolution.
