

## **Cuba Jails 5 Boys as Terrorists.**

Special Cable to THE NEW YORK TIMES.

HAVANA, May 2.—Five boys 13 and 14 years old were arrested yesterday by the military authorities and charged with terroristic activities. Four bombs were found in the possession of Antonio Cardenas, 13, together with a list of homes alleged to have been bombed. The authorities believe the boys were agents of gangs now inactive because of impositions of the death penalty for terroristic crimes.
