Charles W. Nordwall, M.S.
Executive Director of
Jackson Memorial Hospital
1700 N.W. 10th. Ave.
Miami, Florida

Dear Dr. Nordwall:

This letter is to introduce you Dr. Orlando Bosch, a Cuban physician graduated at the University of Havana as Doctor of Medicine on 1953, who has applied for a position of Resident physician at the Kendall Hospital in Miami.

I have known Dr. Bosch since he was a student in our Department of Medicine at the University of Havana School of Medicine, where he demonstrated to have a great interest in his medical studies and showed to have an excellent leadership capacity.

After his graduation in Cuba, Dr. Bosch came to this country to begin his hospital training, which he did as Intern in the Toledo Hospital, at Toledo, Ohio, and then he returned to Cuba, where he entered in private practice and continued with a part time hospital work, at Santa Clara, Cuba, where I have known he was successful.

During that time he was able to form a very nice family, with his wife Dr. Miriam Bosch, who is also an excellent and very appreciated physician.

When the Cuban Government turned leftist on 1960, Dr. Bosch and his wife came to Miami, where he rapidly took and passed the E.C.F.M.G. examination, but then he felt the duty to enter in the fight for Cuba, in which he has been very active.

Now Dr. Bosch has decided to continue his hospital training and has made an application to the Kendall Hospital, and at his request I am writing this letter to you on his behalf.

Yours sincerely,

Jose J. Centurion, M.D.
