PREFACE

This reference aid identifies personalities who hold key positions in the Cuban Communist Party; national, provincial and municipal governments; military organizations; selected mass, cultural and scientific organizations; and the diplomatic service.

Following this preface is a table of contents and a list of abbreviations. Alphabetical indexes to the organizations and personality names are included at the end of the publication. In the name index, the patronymic (surname) is immediately followed by the given name, and the matronymic (mother's name), if known, is placed in parentheses at the end. Duplicate names in the index usually refer to different individuals with the same name.

This publication supersedes CR 82-13380, dated July 1982. Suggestions, corrections, and updating information are welcome.
