## Six Are Accused of Plotting Sabotage of Sugar Crop

Special Cable to THE NEW YORK TIMES.

HAVANA, Feb. 6—Six Germans accused of fifth column activities were today ordered interned for the duration of the war.

This first internment by the Urgency Court was under a public security decree signed last month by President Fulgencio Batista.

Police charged the Germans with plotting sabotage of the sugar crop, but they were unable to prove specific charges. The court, however, considered the evidence sufficient to justify internment.
