

New York, May 26.—At the opening of the court this morning, Judge Phillips, senior counsel for Addison Farquhar, Charles A. Walters, Wm. S. Lyler, Andrew J. Morrison, John Crighton, and George B. Hall, the alleged filibusters, moved that these persons charged with violation of the neutrality laws, in setting on foot an armed expedition against the territory of Nicaragua, be discharged, by reason of a failure on the part of the government to bring the indictment pending against them, on for trial. Mr McKee, district attorney, stated to the court that he was unable to procure his witnesses, and he was therefore unable to proceed against them. The court thereupon ordered their discharge.
