Dear General

At your kind suggestion, I have the honor to tender you, my services in the Cause of Republican Liberty, when your position, will require them. Hoping that the time will soon arrive, when your many friends, will have opportunity to prove their sincere regard and confidence, in one who shared alike with the humblest private in the ranks, the perils and privations of the late War with Mexico, and whose unpunishable fame will always be referred to, with feelings of National gratification & pride.

With sentiments of the highest esteem &c
Your obt Servant
