## Aid for Walker from New-Orleans.

NEW-ORLEANS, Wednesday, Dec. 24.

The news from New-York concerning WALKER'S situation in Nicaragua, caused much excitement here. WALKER'S agents are very active, and it is said that the steamer which sails for San Juan, to-morrow, will take a large number of recruits.

General HORNSBY, of the Nicaraguan army, publishes a card, in which he denies the truth of DEBRICKSON'S statements, published in the New-York papers. He says that DEBRICKSON applied for a situation in the army as Surgeon, but on examination was found to be incompetent. To this his enmity is attributed. General HORNSBY declares that General WALKER will undoubtedly maintain himself.
