
THE KANSAS SCHEME!

Geary seems to be playing a more dastardly plot than his predecessor. With 200 Free State men already prisoners, and every day adding to this number, and with his posse made up from the Ruffian hordes, with the bloody Col. Titus at their head, running the Free State men out of the Territory in every direction, he has proclaimed an *Election!* Not a Ruffian has been arrested—and the thousands of them that Lane drove from the Territory, understanding Geary's purpose, are hurrying back to vote!
