A Feast and a Puff. party throughout the North. Gen. We were sitting the other day in a sorrowing mood, meditating upon the hard lot of an editor's life, and wondering how we were to be recompensed for the anxiety of mind, wear of body, and pecuniary sacrifice which was required to sustain a free State paper in Kansas, when we heard a gentle rap at the door. Rising, we opened it, and met a gentle-South " man with a basket filled with several varieties of nuts, raisins, figs, &c. Of course we invited him to come in and throughout the North, receive the statebe seated. The latter he refused to do, not wishing to trespass on our time .- and be guided by their advice, any

The saw has a lateral vibration on adjustable

The saw has a lateral vibration on adjustable recker boxes, and when thrown out of line will recover itself by the action of the driving belt; while at the same time the arbour has no lateral play in the boxes, and is made to fit close with the shoulders to prevent the oil from getting out while in operation, a matter of great importance where the motion is as rapid as in circular saws. The area resonance of this machine is so perfect.
