

FIGHTS IN KANSAS—COL. TITUS' PARTY TAKEN PRISONERS, &c.

LAWRENCE, KANSAS, August 17.—Yesterday nearly five hundred free-soilers marched upon Col. Titus' camp near Lecompton, and took them prisoners. They defended themselves from the log-houses, and wounded ten of our men,—one of whom Capt. Chabere of Indiana, will die of his wounds. Col. Titus was also badly wounded.

The dragoons interfered to prevent the attack on Lecompton. Our forces returned, bringing their prisoners with them. Gov. Shannon came in to-day and demanded the release of the prisoners. A conference was held, in which it was agreed that they would release six prisoners and return the cannon taken at Lawrence, and disperse all their camps of armed men, provided we release our six prisoners.

N. B.—A private notice appended to the above intimates that the above version is evidently a free-state story.
