TO File 3-92

DATE May 24, 1978

FROM   
D. Benitez, Officer  
Terrorist & Security Unit  
Tactical Investigation SectionSUBJECT Milian Purchase of  
Radio Station

On this date received information from Det. Vazquez, who indicated that he obtained the following information.

That Emilio Milian has purchased a new radio station which he will be opening soon. A telephone call to Mr. Milian was made by this writer in order to verify the information. Milian stated he is well on his way to purchasing a station and if his deal goes through as expected he will be making a public announcement of it during the coming weeks. Milian wished to keep the deal quiet until it was finished due to the fact that some other deals had been ruined by Max Lesnik's calling the prospective sellers and prospective funders of the station and scaring them into not selling or backing Milian.

No other information.
