

COL. TITUS IN THE CALABOOSE.—We have a special telegraphic despatch from St. Louis, giving the information that Col. Titus, late of Nicaragua, now claiming to be of Kansas, was calaboused yesterday for shooting at the porter of the Planter's House. He is a vagrant of the meanest and most dangerous character, being a bully and a coward, and claiming as a "soldier of fortune" special privileges regarding the persons and property of honest men.
