
COL. TITUS GOING BACK TO KANSAS.—The New Orleans *Delta* learns by private letters that the notorious Captain and coward, Col. Titus, who in addition to his ruffianly acts in Kansas, deserted to the enemy in Nicaragua, is again going to Kansas. He complains bitterly of the injustice done him by Nicaraguan correspondents, and declares his intention to make good his reputation if occasion arises in that territory. "The Northern abolition papers," he says, "will have enough to do to keep track of me." It is quite likely that such will be the case, as the Col. has a propensity for running away.
