

DEECHER SOLD!—A correspondent of the *New York Daily News* states that the mulatto girl Sarah whom Deecher exhibited to his congregation a few Sundays since, and raised \$800 to buy her freedom, has returned to her former owner, who informs Deecher of the fact by letter, and states that she is "getting along as well as could be expected." It is said that she is a girl of bad character, and took off with her a variety of goods and chattels belonging to her abolition friends. Her master ought now to contribute the amount he has received to the aid of the Southern cause in Kansas.
