

THE NEW YORK HERALD

Oct. 16, 1923.

WASHINGTON OFFICE
MUNSEY BUILDING

Washington

My dear Gov. McLeod:- The Herald is sending me to the South, West and North on a story about the negro migration movement: its extent etc. Will you be so kind as to give me a brief statement of the cause, and extent of the movement in South Carolina? I leave here in a few days and will stop at my old home near Charlotte, N.C., with my brother, and am enclosing an addressed envelope that will reach me if you can do this within a few days for me. I just want your view in this matter. I have asked Gov. Morrison for his, and will get others in the South. Please do this, and greatly oblige me.

Yours truly,

H. E. C. Bryant

Mr. H. E. Bryant,

Matthews, N. C.

Dear Mr. Matthews:

In answer to your request for a statement of my views in connection with the exodus of the negro from the South, I enclose to you copy of a letter written by me to a prominent negro leader, who asked that I give him an expression on this subject. This statement sets forth my view of the matter very clearly.

Yours very truly,

Governor.
