

President Bill Clinton
The White House

Honorable President Clinton:

Mr. President again I direct to you my humble opinion as a Cuban. It is time that the assassin Fidel Castro sets my country free, since they don't let us fight freely against Castro because of an error of the past. It is time that you stop the tyrant and this is the solution: A real blockade, and the Cuban that dares go to Cuba take away their political asylum because in history you cannot pay tribute to the enemy and Castro is the enemy of the United States even though his dirty revolution was financed by this country and he betrayed you. Until when do we have to tolerate this? I, as a Cuban ask you that everyone that goes to Cuba under that system, doesn't deserve to live in this country, and again I ask you that everyone that goes to Cuba, let them stay and live there since it seems that 's what pleases them because those are not political refugees. I tell you this because this is the second time that I write to ask you to stop this bridge created by Fidel Castro that he lives off the lack of shame and pride that some Cubans in exile have. Let those people stop living off this country. I hope that you have the wisdom as President and understand what I am trying to convey to you.

Cuba must be blockade as you did to the Spaniards when they participated in our Independence War, and you must know that maybe the whole world will appreciate it. Do not think that Cuba was able to free herself from the choke the Spaniards had on her, you were the ones that by putting a blockade on the Spaniards our "Cuban Mambises" fought like wild animals. History always repeats itself, be more energetic and count with the vote of all the free Cubans that live in this country. The whole world needs the United States and the dollar is the universal flag. Don't think differently, maybe a lot of people will criticize you and even hate you, but everyone needs you to survive. I have my faith in God and in you.

Sincerely,

Silvio Hector Diaz-Sanchez

Dear Silvio:

Thank you for your thoughtful letter. I appreciate your interest in the many complex issues facing our nation. To find solutions to all the challenges we face, I welcome the thoughts and ideas of all Americans who care about our future.

I'm glad you took the time to write, and I hope that you will stay involved.

Sincerely,
