

## ADVICES FROM CUBA.

WASHINGTON, Aug. 8.—Advices from Cuba to the 30th of July, received in this city today, state that the Spanish troops in the insurrectionary districts had been reënforced by all the disposable forces on the island, preparatory to active operations. In Cinco Villas district there have been several contests, in which small parties were engaged, but in every instance the Spaniards were defeated. It is reported that in these engagements the Spanish loss, in killed, wounded and prisoners, amounted to nearly 400. These reënforcements are sent principally to the district commanded by General Jordan, and the campaign promised to be very active; but on account of the setting in of the rainy season both parties are compelled to suspend operations. The town of Holguin is reported to be in possession of the Cubans with its fortifications and stores. Céspedes's government will be removed to that place, as the position is a very strong one. The Cubans continue to be reënforced by volunteers from the United States. Two hundred and twenty-five, recruited in Indiana, Ohio, and Kentucky, succeeded in landing on the 28th ult. and joining General Quesada's forces. They carried with them arms and ammunition and a large supply of camp equipage. The health of the Cubans is stated to be good.
