

HAVANA.

MOVEMENT OF TROOPS.

HAVANA, April 12.

The *Diarro* says the woods around Puerto Principa have been set on fire, and adds that troops will soon clear the vicinity of rebels. Many small bands of insurgents are operating near Cienfuegos. Their numbers are increasing in the vicinity of Santiago De Cuba, and it is supposed they are going to Cienfuegos, where they will mass their forces. The movement, it is supposed, explains the recent disappearance of rebels from the jurisdiction of Jaguey.

A report was in circulation yesterday that Cespedes had been captured, but it proves to be unfounded.
