

THE PRIVATEER CUBA.

**Most of the Officers of the Cuba Discharged—
Disappointment of the Spanish Consul at
the Result.**

WILMINGTON, N. C., Oct. 30, 1862.

The decision of the United States Commissioner to-day, in the case of the officers of the Cuba, is regarded as very favorable to the Cuban cause. Commodore Higgins, Lieutenant Commanders T. L. Darwin and W. Read, Ensigns Somers, Mason and Cook, Midshipman A. Munroe, Paymaster E. Vallente, Surgeon F. J. McNulty, Assistant Surgeon Dubose and Assistant Engineers Graham, Robinson, Dennison, Kearney, Townillas and Aguilar were acquitted. Lieutenant D. A. Telfair, Master W. Ealing, Chief Engineer L. French, Ensigns R. Gibson and Wm. Phillips, Lieutenant of Marines D. D. Monroe and Assistant Engineer John Lynch are held in \$500 bail to appear on Monday before Judge Brooks, of the United States District Court. All the efforts of Collector Rumley & Co. have signally failed to prove anything. The Spanish Consul is thoroughly disgusted. The spy Gordon Davies and the pack of New York bloodhounds have gone home, but not to vote mit Horace Greeley.
