

CUBA.

The steamer ship Morro Castle, Captain Adams, from Havana, the 6th inst, and Nassau 8th, arrived at this port yesterday.

The steamship De Soto, Captain Eaton, also arrived yesterday from Havana and Key West, with mails and passengers from the former port, and one company of the Fifth United States artillery from the latter.

Among the passengers by this steamer we notice the name of Señor Don M. Lopez Roberts, the newly appointed Spanish Minister to the United States, who has been a few weeks in Havana on his way from Spain to Washington.

The particulars of the news by these arrivals will be found in our correspondence below.
