

## TRINIDAD.

**Alleged Sale of Salvo Conductas by General Pelaez—Capture of Cavada's Correspondence—Troops Gone to the Valle—Demand for Reinforcements.**

TRINIDAD, June 1, 1869.

A week has passed pregnant with commotions. It is reported now that numerous parties of rebels have appeared in Jumento.

To-day the few Baza troops here left with one piece of artillery and the mobilized volunteers in the direction of the Valle.

The forces in the Cuatro Villas is insufficient to finish with the many stray parties of rebels in them.

The correspondence of the rebel General Cavada has been intercepted; and from this it would seem as if he were in possession of Sigüenza, which, however, we cannot believe.
