

Special Notice

The undersigned invite the citizens of New-York and vicinity to meet them at Cityway Hall on **THURSDAY EVENING**, the 25th inst., to confer upon matters connected with the present condition of affairs in Cuba. We are fully satisfied that the present struggle of the Cubans for independence is based upon principles of eternal justice; that the revolution which began five months ago has been growing in power ever since, and now includes the great body of the Cuban people, who are giving time, money and blood freely for the attainment of their independence. We would, in a public and formal way, express our sympathy for a people, living on our very borders and almost a part of us, who are pledging their fortunes and lives to obtain rights long unjustly withheld from them.

ALL POLICIES NON FORFEITABLE—standing good for a certain amount for the full term without exchange or conditions—no advantages offered by any other company in the State.

DIVIDENDS on the popular "Partnership Plan," introduced by the Congress.

Opinion of the Hon. WM BARRETT, Superintendent of N. Y. State Tax Dept.—"Your plan of making division is according to the capital (as set value) which each partner has in the Company, is entitled to much credit for its justice and simplicity, but probably hits upon the principle which a Court would adopt in distributing the assets of a failed Company in winding up its affairs through Receivership or otherwise."

Federate not mentioned, the circulation of THE QUINCY WHIG AND EFFULGENCE has been increased, and it is now a popular medium of communication with the people of Western Illinois and Northern Missouri.

THING WHICH is published both daily and weekly. It is a first-class newspaper. Reached in 10 and 100.

We make a special effort to recruit new men having an office experience in and related to the commercial department. Quincy is located on the Mississippi River, 240 miles above St. Louis. It is the second city in business in point of population and business importance. The population now numbers about 75,000 men. Several hundred new business men are created annually. The new railroad bridge is nearly completed, making this the first point at which all goods and business are transported by train. This is the best office location in the United States in the following reasons:

For the best of our circulation is set to see in the following names:
