

The Viceroy of Egypt signed a contract yesterday, in Paris, for 60,000 Remington rifles, to be supplied by the Messrs. E. Remington & Sons of Ilion, N. Y. This house continues their weekly shipments to the Spanish Government in Cuba, and shipped 1,500 rifles Thursday by the Morro Castle. They say they have never sold arms to the insurgents, but have transformed about 8,000 Springfielda for houses in this city that may have furnished the Cubans.
