HAVANA, June 29.—Espinar gave a dinner yesterday to De Roda, at which the latter in a speech declared that he came to this island counting on the aid of 50,000 volunteers in the suppression of the rebellion.

Complete harmony exists between the Captain General and the volunteers.

The Spanish admiral has returned from a cruise. General Lesca is actively engaged in pursuing the rebels in the **Cinco Villas** district, and has had frequent encounters with them. The *Diario* says he places the volunteer cavalry, composed of native Cubans, in the front rank, as defenders of the integrity of the island.

It is supposed the rebels executed an entire company of soldiers captured at Sabana Nueve. The charred corpse of a Spanish officer was found in the ruins of one of the houses.
