Havana, Cuba, Aug. 20 (AP).—Havana police, under the direction of Chief Pablo Mendieta, are making every effort to capture two men who shot and killed Armando Andre y Alvarado, publisher of the newspaper *El Dia* and former captain of the port police here, as he left his automobile in front of his home early today.

Andre's chauffeur, the only eye-witness to the tragedy, told police he left the downtown section of Havana shortly after 1 o'clock this morning, taking his employer home. Near the house, the chauffeur said, two men were seen with their faces hidden behind a newspaper. As Andre left the machine several shots were fired and he fell to the sidewalk.

The assailants, a negro and a white man, escaped in an automobile which was without license plates.

Regret over the assassination of Senor Armando Andre was expressed tonight by the Government.

Both President Machado and Secretary of Justice Barraque issued statements strongly condemning the murder of the editor. They promised to make every endeavor to bring the murderers to justice.
