INTRODUCTION.

THIS is the forty-ninth volume of Wilson's Copartnership and Corporation Directory. The present volume contains the names of 42,124 firms, corporations, etc., an increase over last year of 4,319 names.

The aim of this work is to furnish to Lawyers, Banks, Bankers, Brokers, Insurance Companies, Trust Companies, Merchants, Capitalists, and Investors, the following information, viz.: To give the correct firm or corporate name, the names of the members of each firm, both general and special, where there are limited firms the names of the special partners and amount of special capital, the term of its duration; the names of the various Banks, Insurance, and Trust Companies, their Capital, Officers, and Directors; the Capital, Officers, and Directors of the numerous Manufacturing and Mercantile Companies and the name of the State under whose laws they are chartered; the various Trade names and the proprietors thereof; the names of the foreign houses located in New York, and in connection with each, the location of the Home Office, the name of its New York representative, and the location of its New York Office; the whole arranged in alphabetical order, making it a work of easy comprehension and great utility.

During the past two years other publications whose titles are somewhat similar to the title of this work have been presented to the public. A comparison will show that the similarity ceases with the title, that the field is only fully and accurately covered by Trow's Copartnership and Corporation Directory.

Knowing the great importance to lawyers and others who patronize this work, of having the information contained therein reliable and as complete as possible, the publishers have spared no efforts to make it so; and with that end in view, only our most experienced and tried canvassers have been employed, and in thousands of cases the information has been verified by correspondence; nevertheless it will not be found free from errors, but we are confident that the number of such are reduced to the minimum.

A FEW POINTS IN USING THE COPARTNERSHIP DIRECTORY.

1st. Its arrangement is strictly alphabetical.

2d. The words "(no inf.)" after a name signify that the firm or corporation so quoted appeared in the New York City Directory of 1899 at that address but are not there now, definite information as to their present location being unobtainable.

3d. The words "(inf. unattainable)" signify that, notwithstanding diligent effort was made on our part, we were unable to secure the desired information.

4th. Instances will be found, where a portion of the information is followed by the words "(further inf. unattainable) no address." Such concerns have filed papers with the Secretary of State at Albany, that their operations would be carried on in this city, but we have been unable to locate them, although repeated efforts have been made to do so.

5th. (Example) Henderson Theodore & Co. (Theodore Henderson jr. & John Barnes, only). The word "only," in this example, signifies that some person whose name appears in the style of the firm is not at present a member; in this particular case Theodore Henderson, sr., has retired, although his name appears in the style of the firm.

6th. The abbreviations of the various States following after a corporate title denote that information was given our canvasser that the Corporation was chartered under the laws of such State or States.

7th. For New Firms, Corrections, etc., too late for insertion in their proper place, see last page.

8th. Names marked (R.T.N.) indicate that such names are Registered in the County Clerk's Office, in accordance with Statutory requirements.
