Which report was adopted and the Brethren admitted.
The minutes of June 22d 1850 were then read and approved.
The M. W. G. M. then made the following report :

BRETHREN,

In consequence of the absence of our most beloved Grand Master, Bro. Lucien Hermann, and agreeably to the section 2 of our Constitution, it becomes my duty in my capacity of Dy Gd. Master, to perform the important duties attached to that high station.

Indeed, we meet at this time under the most favorable circumstances. Since the adoption of our new Constitution, I am happy to say,—peace, concord and brotherly love prevail, and let me tell you, it has been to me a source of pleasure and joy to have contributed in carrying out this most happy state of things

And before entering upon the duties that have called us together, the first offerings of our hearts should be our sincerest prayers of gratitude to the Grand Master above, who so kindly inspired us to forget the unfortunate difficulty heretofore existing among us, and to unite, without distinction of local or sectional feelings, for the everlasting honor and glory of Masonry.

In every part of this Jurisdiction, Masonry is now flourishing beyond all former precedent.

We have now forty nine Lodges chartered; the number of new Lodges established by dispensation since the month of June last, is five, and I feel proud to say, that the increase of the craft is of such a character as will do credit to the institution, at home and abroad, and contribute to the propagation of its pure, noble and elevating principles.

By the Constitution, a uniform system of work throughout the jurisdiction is recommended, and is one of great importance to the craft in Louisiana. I will, therefore, call the attention of this Grand Lodge to this subject.

Many irregularities exist in the manner of initiating and in the work of the Lodges under our jurisdiction, and it is the duty of this Gr. Lodge to adopt the most effective means in her power to correct what must certainly be considered as an evil. Any plan which may be proposed to accomplish this very desirable object, will receive, without doubt, I hope, the concurrence and support of all master M. in this State.

The establishment of a general Grand Lodge which has been so much discussed for some years past amongst the Masonic fraternity in every section of this widely extended Union, seems to me at this time, to claim more than ordinary attention. There is no power in existence that can decide upon questions of difference or difficulties that may arise in the State Grand Lodges. And I am convinced that if there had been a Body of Masons in the United States, possessing a supreme authority over the State Grand Lodges themselves, the harmony of the Order would not have been unhappily disturbed in New York and Louisiana.

For my part, I am sincerely of opinion that a General Grand Lodge, constituted upon just and equitable principles, with well defined and well guarded powers, would considerably advance the cause of Masonry in this country.
