We expect to make the paper a medium for conveying to them throughout the Union, who are interested in Kansas of affairs, a fair and truthful exposition of all things done here. We intend to post in the progress of the improvement of the country, that calling those who desire emigrating to Kansas, to form an accurate and correct idea of the advantages of the several sections of our lovely country.

In conclusion, we beg leave to forewarn our readers against being alarmed at the frequent intrusion into their homes and families of strange faces. We've put this issue to our salutary and volitional. In the hurry of the time, and before we could afford the services of an editor, we were compelled to assume that post.

When our next issue reaches your hands, we expect to have at its head a gentleman with whom we are in our residence, of intellect, energy, and all, every man should give the paper position, success, and popularity.

The Dred Scott Case.

We publish in this week's issue the opinion of the Supreme Court of the U. S. in the Dred Scott case. It is an opinion of the Supreme Court which has decided upon the constitutionality of the Missouri Compromise, and on the power of Congress to prohibit slavery in the territories.

To his honor, we are now ready, however, to extend the hand of fellowship to the people of the South, and represented his district in Congress for several years with marked ability.

We bespeak for both the appointees the welcome and support of all true Kansans.

Appointments.

The following appointments have been made for Kansas: J. W. Whitell, Register, and David Woodson, Receiver of the Dakota district.

Mr. Enoch (Register, and Mr. Dowry, Receiver of the Western district.

These appointments are made mainly from Kansas, if not entirely. We know most of the appointees personally, and take pleasure in expressing our gratification at their appointment.

There is nothing that we so much need as good Sabbath Schools in this place.

We can now ready for the movement if we ever will be. Our city is beginning to awaken to the truth that virtue and good order are necessary to the prosperity of a community, and every one is ready to aid the movement.

There are about forty scholars in this vicinity who would, gladly attend had they the opportunity to do so.
