Hello Bill,

Hope you are well.

Johnny and I survived the winter months with only a cold. Thank God. He is watching T.V. now. It is really a shame, the programs that come on. I don't watch very much myself. I read. Sometimes newspapers. One carried a story on the elites in Jersey. Naturally, you never get the whole picture. Gaw, your brother & Alvin were mentioned. It's strange. Just when that was in the news, I received a copy of the Tringerty(?) report, mostly on Cuba and what has happened world wide since. I also received a copy of your news, only I can't read

it.

How are you all doing with an appeal? I bet you miss one another. Elaine & I talk on the phone a lot, but when I don't see her for a week I miss her. I was waiting for her to write to you so she can tell you things but she tells me, you tell him. Well, anyway, we took my mother out to dinner. We didn't know where to go so we planned on Chateau Madrid. It was a long evening with dinner and show. My mother & I enjoyed it as well as Elaine. We all used to go out and eat a lot but with the children, we don't go as often. Me & Elaine liked it, my mother always paid. But we paid that night.

How are you doing with

the courses you are taking?

Before I forget, a lady came into the store one day. I admired the beautiful ring on her finger. She proceeded to tell me a story about how it was her father's and how his father had it made in Spain. It was a sapphire set in gold. She continued to say how it was one of the very few things she was able to leave her country with, Cuba. She left in quite a hurry. You get the picture don't you. — We talked for awhile and then she left. I didn't know it but she lives across the street from the store.

Back to your courses — I hope it keeps you busy.

Are you in the country or
the out-skirts of a city? I
don't know much about that
part of our country. Only that
there must be a lot of farm
land in Kansas. We are all
city here. I like the city (71.4)
and I like our little town Kearny.

I think it's time for Johnny
to go to sleep now. I will put
him to bed then I will read
some scripture from the
Holy Bible. I don't know why
it has taken me so long to
start to read this magnificent
Book. It is helping me a
great deal.

Please take care of yourself.
You are in our prayers.

Barbara
